

SCIENTIFIC PROGRAM

THE HELLENIC MEDICAL SOCIETY OF AUSTRALIA & HELLENIC DIASPORA WORLD CONGRESS MELBOURNE 17-19 NOV 2022

Welcome to the

2022 Hellenic Medical Society Of Australia Conference

THE HELLENIC MEDICAL SOCIETY OF AUSTRALIA & HELLENIC DIASPORA WORLD CONGRESS MELBOURNE 17-19 NOV 2022

It is with great pleasure I invite you to attend The Hellenic Medical Society Of Australia's Conference. We are delighted to be hosting both the Annual Global Doctors Hippocratic Institute Conference and the Hellenic Medical Diaspora World Congress. We are honoured to co-host The Global Doctors Hippocratic Institute with The Greek Community Of Melbourne.

It is great to be back to face to face events, after such a long period of COVID isolation and restrictions. The program will feature presentations from Australian and International speakers and will include an interactive dialogue between leaders from diverse academic fields in medicine and science.

It will celebrate the profound impact and relevance of Hippocrates and showcase current discoveries and controversies influencing medical practice. It will also discuss the complex interplay between healing and health.

I look forward to welcoming you to the meeting.

Professor Marinis Pirpiris

President, Hellenic Medical Society of Australia
Chair of Orthopaedics, Cabrini Hospitals Melbourne
Treasurer, Greek Community of Melbourne

15 CPD POINTS ALLOCATED

Welcome to the 2022 Hellenic Medical Diaspora World Congress

As Governor of Attica, President of the Athens Medical Association and President of Global Doctors Hippocratic Institute I would like to welcome you to Melbourne.

The father of modern medicine Hippocrates, founder of rational medicine, managed to rid medicine of the metaphysical elements, the prejudices and superstitions of the time. Achieved the harmonious combination of anthropocentric science with medical and philosophical thinking, by identifying the professional practice with the ethical principles and values.

In Greece, the country of Hippocrates, who established the Hippocratic Medical School and was the father of the modern Western Medicine, we have created an International Institution aiming at promoting the universal character of the Greek Hippocratic Medical Science as well as bringing together the international scientific medical personnel to the Hippocratic philosophy.

Recognizing the great contribution of the Hellenic Medical Association of Melbourne to the field of medical science and in Hellenism, the Global Hippocratic Doctors Institute along with the other Hellenic Doctors Associations of diaspora they entrust you with the holding of the conference in the beautiful city of Melbourne, hoping to develop further scientific collaboration. I take the opportunity to welcome you all and wish you good luck and success to our conference.

George Patoulis

President of the Athens Medical Association
President of Global Doctors Hippocratic Institute
Governor of the region of Attica - Greece
Chairman of the World Congress of the Hellenic Medical Diaspora

Endorsements

Welcome to the 2022 Hellenic Medical Diaspora World Congress

Dear colleagues and friends, Hellenes of our diaspora, it is my great honor and pleasure to invite you to participate in the World Congress of our Hellenic Medical Diaspora organized by the Hellenic Medical Society of Australia and the Global Doctors' Hippocratic Institute.

Many Hellenic Medical Societies from all Continents made significant scientific contributions. During this conference let us celebrate what we all, the physicians of the Hellenic Diaspora have achieved over the years. You will have the opportunity to enjoy exciting and up to date presentations in Cardiology, Geriatrics, Thermal Medicine, Community leadership, Breast Cancer treatment, Orthopaedics, Endocrinology, Neurosurgery, Healthy Diet, Pediatric Oncology, Urology, Mental health, Vaccine development, Concepts in Medical Tourism, Gynecology and IVF, Nephrology, Dermatology, Pulmonary Medicine as well as Arterial and Venous disease.

All the lectures are structured to provide information on recent research and give treatment updates. Most of them are presented in a way that will greatly enhance the knowledge of our primary care and family practitioners.

Hippocrates once said: "There are in fact two things, science and opinion; the former begets knowledge the latter ignorance".

He also believed that "Wherever the art of Medicine is loved, there is also a love of Humanity".

Please enjoy the remarkable presentations that leading world experts in Medicine prepared for you to address the new advances and innovations in our field.

Panagiotis A. Manolas, MD, FACS

Co-Chairman Scientific Committee of the World Congress of the Hellenic Medical Diaspora

President of the Hellenic Medical Society of New York

Chief of General Surgery, Lenox Hill Hospital and MEETH Hospital, New York

Welcome to the 2022 Hellenic Medical Diaspora World Congress

Dear colleagues

It is an absolute pleasure to welcome you to the Hellenic Medical Society of Australia and Hellenic Medical Diaspora World Congress 2022. After years of COVID restrictions we are finally able to gather in person as well as virtually.

Together with Prof Manolas and Prof Pirpiris, we have curated a truly multidisciplinary program spanning leading edge presentations, holistic approaches to age-old issues and thoughtful insight into future medical challenges.

We endeavour to deliver a dynamic, informative and enjoyable program in the spirit of Hippocrates and his perpetual gift to the world of ethical, professional and philosophical medicine.

I sincerely look forward to welcoming you with quintessential Hellenic "filoxenia" to Melbourne and our congress.

George Koufogiannis

Co-Chairman Scientific Committee of the World Congress of the Hellenic Medical Diaspora

Venue: University of Melbourne

Thursday 17 November 2022

Meeting with the University of Melbourne Faculty of Medicine, Dentistry and Health Sciences

Participants:

Mr Marinis Pirpiris (Orthopaedic Surgeon, President, Hellenic Medical Society of Australia, Treasurer Greek Community of Melbourne)

Mr Bill Papastergiadis OAM (President, Greek Community of Melbourne)

Mr George Patoulis, (Orthopaedic Surgeon, Governor of Attica, President Athens Medical Association, President of the Global Doctors Hippocratic Institute)

Mr Marios Themistocleous (Neurosurgeon, General Secretary of the Ministry of Health, Hellenic Republic)

Professor Georgios Antonakis (Gynaecologist, Dean of the School of Medicine, Professor of Gynaecology, Patra University, Patra Greece)

Professor Gerasimos Siasos (Orthopaedic Surgeon, Dean of the School of Medicine, Professor of Cardiology, National and Kapodistrian University of Athens, Athens, Greece (By ZOOM))

Mr Jorge Menidis (CEO, Greek Centre and Greek Community of Melbourne)

Mrs Vicky Kyritsis (Social Worker, Assistant Secretary and Board Member, Greek Community of Melbourne)

Mrs Mena Giannelis (Assistant Treasurer and Board Member, Greek Community of Melbourne)

Mr Konstantinos Pantos (Obstetrician and Gynaecologist, First Vice President Global Doctors Hippocratic Institute)

Antonios Polydorou (Cardiologist, General Secretary Global Doctors Hippocratic Institute, Ambassador of Hellenic Tourism)

Government Officials

University of Melbourne Representatives

Press Representatives

10.00am Introductions

10.30am Round table discussions

Opportunities for collaborations in cardiology, orthopaedics, obstetrics and gynaecology, cancer and infectious diseases

Commitment to the development of exchange programs and visitations for undergraduate and postgraduate students and postdocs.

Development of unique post-graduate continual professional development programs

Commitment to the development of research collaborations

Formal execution of an intention to cooperation agreement

11.30am Formal unveiling of the authentic replica of the bust of Hippocrates at the University of Melbourne

12.00pm Tour of the University of Melbourne Medical School

12.30pm Transfer - University of Melbourne to the Greek Community of Melbourne.

**THE HELLENIC MEDICAL SOCIETY OF AUSTRALIA
& HELLENIC DIASPORA WORLD CONGRESS
MELBOURNE 17-19 NOV 2022**
