Welcome

The Australian Orthopaedic Association (AOA) is the peak professional body for orthopaedic surgeons in Australia.

AOA provides high-quality specialist education, training and continuing professional development.

AOA is committed to ensuring the highest possible standard of orthopaedic care and is the leading authority in the provision of orthopaedic information to the community.

AOA actively supports scientific research and orthopaedic humanitarian **initiatives, in Australia and overseas.**

Dear members and guests,

It is our great pleasure to welcome you to the 2025 TAS ASM here in the spectacular surrounds of Barnbougle, Tasmania.

This year's program offers a rich mix of academic and social highlights. We're proud to feature **free paper presentations** showcasing cutting-edge research and clinical innovation, along with **keynote addresses** from leading experts in the field.

We're also honoured to welcome **Ian Chesterman, President of the Australian Olympic Committee**, as our special guest speaker. Ian will share his experiences in leadership, performance, and team culture at the highest levels — insights that we know will resonate with all of us.

Of course, the ASM is also a chance to reconnect and unwind. Join us for our welcome dinner at Dunes Restaurant and the conference dinner at Lost Farm, where you'll enjoy outstanding Tasmanian hospitality in two of the region's most stunning venues.

Thank you for being part of this exciting event. We look forward to a few days of learning, inspiration, and connection.

Matthew Wilkinson, Chair
Tim Marshall, Convener
